

KING CONC

POLISHED CONCRETE DIAMOND FLOOR PADS

KING CONC

Polished Concrete Diamond Floor Pads

KING CONC are Special Floor pads with the impregnation of diamond abrasive for dry restoration and maintenance of polished concrete and terrazzo floors. Designed to revitalize the shine and the gloss of old and new dulled concrete surfaces. They are available in grit sizes 0, 1, 2, 3 and 4 and in all dimensions. Used dry with Tornado, Hurrikane and high speed machines, they remove scratches, opacity and polish the concrete floor. Use the KING CONC discs is the easiest and fastest way to turn any trowelled industrial concrete floor into a beautiful, durable, stain-resistant, easy to clean and mirror polished surface. Thanks to the new KING CONC "abrasive diamond discs" technology", to achieve a polished concrete floor has never been so easy.

BETON HARDENER is a special product to improve the hardness and quality of new and old concrete floors. Excellent also for Terrazzo and any agglomerate floor. It reacts with the salt of cement increasing the hardness and resistance to the abrasion and protecting against oils, greases and other agents contaminating.

BETON SHIELD Brighter and water-repellent. Suggested to use at the end of the work for better finishing.
